### EDUCATION

---

#### University of Benin

*Bachelor of Dental Surgery*

Benin City, Edo State

*Nov. 2018 – Nov. 2024*

### EXPERIENCE

---

#### Frontend Developer

*Swifia Inc.*

April 2023 - June 2023

*Freelance , Remote*

- Developed the full architecture for web applications using Vue.js and Typescript, resulting in a 30% improvement in overall performance.
- Implemented responsive and user-friendly interfaces, resulting in a 25% increase in user engagement and satisfaction.
- Utilized Vue.js components and state management libraries to build a modular and maintainable codebase, resulting in a 20% reduction in development time for future updates.
- Implemented dynamic data handling and retrieval using asynchronous API calls, improving overall application responsiveness by 15%.
- Worked closely with the backend development team to integrate frontend components with backend APIs, achieving seamless data flow and consistent functionality.

#### Frontend Developer

*Convexity*

Aug. 2022 - Nov. 2022

*Freelance , Remote*

- Developed the frontend of the donors application used for the blockchain based company
- Built and maintained code using Vue.js and Nuxt.js, providing a robust and scalable frontend solution.
- Worked with other senior developers to implement functionalities

### PROJECTS

---

#### Syntrix | *NodeJS, ExpressJS, MongoDB, SocketIO, VueJS, TailwindCSS*

Mar 2023 - Apr 2023

- Developed a full-stack web communication application using Node.js and Express.js to serve a REST API.
- Utilized MongoDB as the database technology, ensuring efficient data storage and retrieval.
- Implemented Socket.IO for real-time communication between users, enabling instant messaging and notifications.
- Created the frontend of the application using Vue.js, providing a responsive and intuitive user interface.
- Designed and implemented the application's UI using Tailwind CSS, ensuring consistent styling and responsiveness across different devices.
